

MAIN POINT:

This week is our Fireside chat. It's a review of the book of Judges so far. Watch the teaching video and summarize your findings together as a family. You can also look up verses mentioned in the video with your Bible or an online Bible.

FAMILY DISCUSSION:

1. What did you hear in the lesson that was a surprise or was something new for you?
2. What is something that confused you, and you need more information on?
3. What does the video tell you about God—about who He is and how He sees me?
4. Based on what was discussed today, what is something you can change in your life right now so you don't fall into the same cycle of sin that the Israelites fell into, based on what was discussed today?

FAMILY PRAYER:

Pray with and for each other. Here are some ideas.

You can start by sharing areas of growth needed that came up in the family discussion. Then ask God to help you through those areas so that nothing is in the way of your relationship with Him and so that you may grow to know Him more.
